Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of those boundaries:
¹ A " - " following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
² In 1990, the crew-of-vessel population of ships at sea was allocated to census tracts with a "-SV" suffix. An anchor symbol appeared on the 1990 maps locating a crew-off-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
³ A " - *" following a block number indicates that the block number is repeated elsewhere in the block.

The main map displays several census tracts outlined in red. Key areas include Strathmore CCD 93260 (yellow), Porterville CCD 92520 (white/grey), and Porterville 58240 (orange). Individual blocks are numbered throughout. Major roads like W Northgrand Ave and W Westfield Ave are visible. The coastline is shown along the top edge.
